EA SPORTS FIFA 20 features a "Heat" Engine that uses player-specific and team-specific playstyles to deliver a unique, authentic on-the-ball experience for all modes. Constant comparisons in gameplay between The Last of Us and FIFA 19 players has highlighted the differences in player and team strengths and weaknesses as they are locked into a world in which they play the full season together. The Last of Us Remastered and The Last of Us Part II will include highly enhanced feature set options. Overview The FIFA series has now been played more than 100 million times and has generated over \$1 billion in revenue, making it one of the biggest sports franchises in the world. This year's FIFA brings the biggest game-changers, as well as the most immersive, reactive game-play - all wrapped in the world's most beautiful match engine. A new series first: FIFA's game engine is now born-again as a new 'heat-engine' for unparalleled player control and reactive gameplay. The new engine's deep intelligence discovers hundreds of new physics-based player behaviors and unlocks original post-processing effects never before seen on consoles. FIFA 22 will also introduce the next level of gameplay polish and refinements from FIFA 18, including PlayStation VR support. In FIFA 22's closest competition, The Last of Us Remastered and The Last of Us Part II will bring a pair of highly enhanced feature set options. Go deeper than ever before in FIFA Ultimate Team (FUT) with the all-new FUT Champions, a dedicated e-sport mode, updated online and offline gameplay modes with new leaderboards and achievements, revamped broadcasting with over 30 commentators and new trophies, plus new stadiums and FUT Champions from all corners of the soccer world. Pricing and release date will be announced in due course.
